E SAN FRANCISCO BRANCH OFFICE of the TRIBUNE is now located at 416 Clay Street. Mr. L. B. WAITE is the Agent for the TRIBUNE in San Francisco.

School Reform.

The propriety of introducing gymnastics in the public schools of San Francisco is being discussed by Superintendent Bolander, the school direct- [illegible] other prominent gentlemen of [illegible] city. It is a mooted question [illegible] her our schools are not develop- [illegible] of children at the ex- [illegible] their bodies. It is stated by the [illegible] that very young children can receive lessons of one or two minutes length only; that with increasing growth and cultivation their capacity of attention is increased to five minutes, then to ten, and that [illegible] five to seven years of age to fifteen minutes, and that by the tenth year a bright, voluntary attention may be got [illegible] lesson of twenty minutes, [illegible] twelve years of age to twenty-five minutes, and at fifteen years of age to about half an hour. Periods of attention may be prolonged by skillful teachers and interesting lessons. But it is declared by observers that prolonged attention beyond the average limits, is generally at the expense of succeeding lessons. It is further stated, that at about the age of ten or twelve, or a little more, the capacity of bright, voluntary attention is exhausted by four varied lessons on subjects requiring mental effort of half an hour each in the forenoon, with intervals of relief. In the afternoon the capacity for voluntary attention is generally reduced one-half. A writer in a recent medical magazine gives these facts from the experience of schools in England comprising altogether between ten thousand and twelve thousand pupils, during a period of from twelve to fifteen years, and concludes that physiology imperatively demands that the hours now devoted to mental culture be greatly shortened, and the time freed be given to systematized physical training or some industrial employment. If three hours a day is the physical limit of a child's capacity for profitable mental effort, it follows that a child will make as good intellectual progress in three hours a day as he will in five or six. The writer referred to adds that the half-time system has been in operation in England for over thirty years, on a very large scale, in connection with physical training and a great variety of industrial employments, with this extraordinary and most unexpected result, that children who are at school only half-time, in intellectual attainments equal those who are at school all the time. Such is the testimony of reliable and faithful school inspectors, distinguished and experienced teachers, head masters, school superintendents, members of Parliament and clergymen, who have observed carefully and studied this system. It is also urged that children go to their physical exercises with the greatest relish; and after these are over, they return to their studies with brighter, fresher, closer and more efficient attention. These exercises quicken the intellectual faculties of pupils, who seem anxious to get along, and more earnest in their efforts. They study with more spirit, energy and success, and their very success stimulates them to renewed effort. They thus form a more valuable habit of mind, of quick, concentrated thought. We all know that the best rest for an overtasked mind is bodily exertion. We have testimony from Sweden that children who are inapt at mental work, after having exercised at gymnastics, instead of being dull and opposed to study, become lively and disposed to receive instruction.

The Chico Massacre.

There can be no doubt now, if there ever has existed any, that violence towards the Chinese amongst us is not a popular method for the abatement of the Chinese evil. The manner in which the Chico affair has been prosecuted must have dissipated any such doubts that may have been entertained. There is a strong feeling throughout the entire coast against their presence here; but the proportion of those who are in favor of resorting to bloodshed as a remedy for the evil is so small that they can not reasonably expect to avoid disastrous consequences to themselves by attempting to carry out on an extended scale what the Chico assassins sought to accomplish in their especial neighborhood. The Chinese will always be subject to abuse, to maltreatment, and to murderous assaults by lawless persons, as they have been in the past; but no organized effort to drive them out of the country can ever be anything but an inglorious failure, where the knife and pistol are adopted as the prevailing means to attain that end. So long as the willful and malicious killing of a human being is recognized as murder, society will unite in condemning that kind of work, whether the victim be Christian or heathen; white, black or copper-colored.

There is a strong prospect that retribution will quickly follow the Chico massacre. A dispatch states that a meeting of upwards of three hundred persons, including the wealthiest farmers in that section of the country, was held on Saturday night, at which it was determined that if the parties who are under arrest should be discharged and return to Chico, they will be given the alternative of leaving the place or being hanged.

Failure of I. Friedlander.

The failure of I. Friedlander, the largest grain operator in San Francisco was announced on the streets of this city to-day. Mr. Friedlander has also been largely engaged in irrigation schemes in the San Joaquin Valley. There were rumors of his failure about 18 months ago. But he was carried over by the help of the Bank of Nevada. The failure to-day makes quite a sensation in business circles.

MARY E. BAKER, of Douglas county, [illegible], has been arrested on a charge of counterfeiting coin.

[illegible] war on the [illegible] is in the interest of the fur- [illegible]. Six or eight Spitz skins, carefully sewed together, make a "buffalo" robe that a buffalo himself would not detect as spurious.

Henry Ward Beecher was called upon in Indianapolis by a delegation of old citizens who were members or attendants of his church in that city about 30 years ago. They had a very agreeable interview.

It is proposed to use the steam-ship Great Eastern for carrying cattle from this country to England. She will be fitted up to answer modern requirements, at a cost of $250,000. She is now in the Milford Docks.

F. J. Southard, of Richmond, Me., enjoys the distinction of having recently launched his one hundredth ship, probably a larger number than has been constructed by any other ship-builder in New England.

The total imports of France for the year 1874 were $884,500,000, of which 65.9 per cent., or $582,500,000 is conveyed by sea. The total exports for the same year were $940,420,000, of which 66 per cent. is sea borne.

"What would you do if mamma should die?" she pathetically asked of her little three-year old daughter. "I don't know," remarked the infant, with downcast eyes and melancholy face, "thspose I should have to thpank mythelf."

A monument has been erected to the memory of M. M. Sivel and Croce-Spinelli at Paris. These gentlemen were aeronauts, and in April, 1875, ascended to the height of 26,000 feet, when they were suffocated by the rarified air.

The Baroness Mayer de Rothschild lately died on board her yacht at Nice. She had been sailing about the Mediterranean all Winter, in the hope of benefiting her health. She was the widow of the youngest son of Baron Nathan Mayer de Rothschild. Her only child, Mlle. Hannah de Rothschild, inherits the estate.

An Armstrong breech-loading gun weighing a little over 30 tons, and which is by far the largest breech-loader hitherto constructed in that country, was recently completed in England. The gun is constructed upon the coil system, is of 12-inch calibre, and the breech mechanism follows generally the French pattern.

The long-promised work, "The Prince of Wales's Tour in India," by Dr. W. H. Russell, written under the sanction of his Royal Highness, is now in the binder's hands. The book is illustrated by Mr. Sydney P. Hall, who accompanied the Prince. It will contain thirty full-page, and more than forty smaller wood engravings.

The Turkish naval force is at present composed of two imperial yachts, six iron-clad frigates, nine iron-clad corvettes, two iron-clad monitors, five iron-clad gunboats, four ships of the line, four frigates, seven corvettes, 15 coast-guard vessels, five schooners, four cannon sloops, and 53 other vessels—in all 116, with 759 guns, and 16,038 men.

Dr. Gerard undertook to cure Mdlle. Celine Montaland, a Paris actress, of stoutness by shampooing her. After he had operated 235 times without reducing her flesh, she dismissed him, having paid him $120 on account. He sued her for $346, but she convinced a jury that the contract was based on the "no pay no cure" principle, and that she was as fat as ever.

The new anaconda at the Zoological Gardens, London, is 18 or 20 feet long and measures two feet around the thickest part of the body. He was caught in South America and shipped to England in a large box. He lies in a tank of warm water and eats a duck every morning. His voyage across the Atlantic was a very uncomfortable one, and his buff skin is shrunken and travel-stained.

The marriage in Vienna of Miss Mamie Beale, daughter of our Minister to Austria, with M. Bakhmeteff, lately the Secretary of the Russian Legation in Washington, who is enormously wealthy, has just been announced. Gen. Beale is well known in California, and owns one of the largest farms in that State. M. Bakhmeteff is a member of one of the oldest and most aristocratic families in Russia.

One of George Smith's last purchases for the British Museum was a batch of cuneiform inscriptions—some 3,000 in all—found by the Arabs in the ruins of Babylon. They proved to be the trade records of a great banking and mercantile house, the Babylon Rothschilds apparently, and nearly cover the reigns of Nebuchadnezzar, Evilmerodach, Nergalsharezer, Nabonidus, Cyrus, Cambyses, Bardes, Nadi-tabirus, the usurper, and Darius. The dates fully confirm Ptolemy's list of the Babylonian kings.

The first carpet manufactory established in the United States was in Philadelphia, in 1791. The census of 1810, less than twenty years after, reported the whole product of the United States in this class of goods at 10,000 yards, of which 7,500 yards were made in Philadelphia. The census of 1870 shows that there were then 689 carpet factories in the United States, employing 13,000 persons and $13,000,000 capital, paying annually $4,700,000 wages, and producing annually goods to the value of $22,000,000.

At a sale of old Dresden porcelain in London recently some remarkable prices were realized. The collection was the property of Duc di Forli. Of the Dresden birds, a pair of cocks sold for $57; a pair of hens, forming a teapot, $78. Of the animals, a cat with a mouse brought $95; a pair of leopards, $245; a brown and white terrier, $173; a large group of bulls attacked by dogs, $975; a pair of Louis XV. candlesticks, of scroll-design, richly gilt, and painted with Watteau figures in landscapes, brought $500, and a fine coffee-pot, $125. The total amount realized was $21,108.

The original Gwendolen of George Eliot's "Daniel Deronda," is, according to the London correspondent of the Cleveland Leader, a London woman. She was formerly worth about $1,000,000, but went to the continent, became addicted to gambling, and lost all of her money, even parting with her necklace, as the book states. During her infatuation she was narrowly watched by George Eliot, and by a wealthy gentleman living to-day in Manchester, and so interested did he become in "Gwendolen" that he offered to make good her losses if she would [illegible] play, but she refused. The lady now lives in London on an income of $1,000 a year, all that is saved from the wreck. She is twenty five, unmarried, and is said to be very handsome; and what adds interest to the tale is the fact that she is the granddaughter of one of England's greatest poets.

From the segregation and apportionment of the road funds of the county, made by Country Treasurer Palmer and approved and adopted by the Board of Supervisors on Monday, we gather the following figures pertaining to the apportionment for the several road districts of Oakland Township and the Townships of Brooklyn and Alameda. The first column of figures represent the total amount apportioned to the respective districts, the second represents the ten per cent. set aside from such amounts respectively for the General Road Fund, and the third column represents the remainder in the District Road Funds:

The total amount of money in the several Road Funds is given at $5,802 98, of which $488 89 has been set aside as a General Road Fund, leaving $5,314 09 to be apportioned among the several District Road Funds of the county.

LEGAL NOTES.

In the County Court to-day the case of M Mentz vs. J. Haghn, was, by consent, set for Thursday, April 12th.

The Third District Court to-day adjourned for the term, and the County Court adjourned until 10 o'clock to-morrow.

Captain Deal, of Sacramento, the Railroad Detective, is in this city in attendance as a witness before the Grand Jury.

In the case of C. J. Frank vs. Louis Shearer, judgment was rendered in the County Court to-day for plaintiff for restitution of premises and $180 (to be trebled) rent due.

Knights of Pythias.

The first anniversary ball of Liberty Lodge No. 35, Knights of Pythias, will be held at Kohler's Hall to-morrow evening. The arrangements for a first-class ball are very complete, and the affair will be conducted on that basis.

East Oaklander Missing.

A German named Frederick Krumb left his home at Brooklyn last Friday and has not since been heard from. He is a man 35 years of age, 5 feet 6 inches in height, dark complexion, and wore black whiskers cut short.

OAKLAND BREVITIES.

There are thirty-six prisoners confined in the City Prison.

The public schools re-opened Monday after a week's vacation.

Business in the southern portion of the city is picking up rapidly.

The City Council stands adjourned for one week from next Monday.

The walls of Henry's new brick building are beginning to loom up.

Eighth street, west of Adeline, is being walled in with new buildings.

The work of filling in the roadway at the Lake Merritt dam is progressing rapidly.

Alameda Chapter, No. 36, R. A. M., will hold a stated meeting this evening, for degree work.

The McGibeny family will give one of their pleasing entertainments at Temescal this evening.

Residents in the vicinity of Third and Market streets want the services of a special police officer.

A new store has been erected on the old Aldrich property, corner of Grove street and San Pablo avenue.

The Union Club of this city will inaugurate its elegantly fitted up apartments, on Friday evening next.

Ex-Governor Hendricks and ex-Senator Gwin yesterday visited the suburban residence of Col. Jack Hays.

Telegraph avenue is next to no public thoroughfare at all. Its present condition is a disgrace to the city and county.

During the first three days of this month the police made twenty-two arrests, and four arrests were made this morning.

The Oakland Gas Company will shortly commence the erection of an immense gas tank on its Jefferson street property.

Property-owners on Delger street are anxious to have the contractors, to whom was let the contract for sewering that street, commence work.

Another person came near being caught by a west-bound local passenger train rounding the curve at Market-street station, yesterday afternoon.

At 1 o'clock this afternoon a breeze from the west sprung up, and for a short time the dust flew in clouds not unlike those so common in San Francisco.

Pantosky, or the famous "Dectective," is on the war path again. He tongue-lashed another woman day before yesterday in an outrageous manner.

Rev. D. McClure, Principal of the Military Academy in this city, is representing the West Oakland Presbyterian Church in the Presbytery now in session in San Francisco.

Contrary to the laws, Dietz Opera House was packed with an audience of over 1400 people on Monday evening. The seating capacity of the house is less than 900.

A little more rain would not hurt the crops of Alameda and Contra Costa counties. Already in some portions of Contra Costa county the crops are looking rather dry.

Fire Warden Carleton keeps gloriously still, but he is doing excellent work, especially in those portions of the city where tin stove-pipes are protruding through roof-tops of houses.

The triplets recently born of Mrs. Leland H. Wakefield, at East Oakland, are doing finely. They are girls, and have been christened very appropriately, "Lilly," "Rose" and "Violet."

Construction trains are now running over the Berkeley or Bantas Branch Railroad from this city as far as the town of San Pablo, and track-laying beyond that point is being vigorously pushed.

The effort to organize a Caucasian Council in this city seems to have been abandoned since the Chico affair, as P. S. Dorney, the Organizer, was not here on Monday evening, according to appointment.

The Eagle Hotel, located on the corner of Second street and Broadway, streets, which was almost totally consumed by fire on the morning of the second, was, 15 years ago, the leading hotel in this city.

Emperor Norton threatens to leave San Francisco and go to Mexico, unless that municipality furnishes him better quarters. He says in that case the grass will grow in the streets of that unappreciative city.

The army-worm has laid seige to the shrubbery and plants of East Oakland and threatens to devour every green thing east of the estuary—and some of the inhabitants are out with clubs fighting for their lives.

The latest style in official circles in this city is for police officers to present their cards before making an arrest—as for instance: "Officer John Smith; post, lamp-post, S. W. corner Seventy-fourth and Amelia streets."

Officer Aldrich, of the police force, has been confined to his bed for the past ten days. His disease is rheumatic fever, and his condition deplorable. He is unable to move any portion of his body except some of his fingers.

The public mind of the Fourth Ward is now wrestling with this conundrum. If it takes the whole of the fence around Jefferson Plaza to merely repair the fence around another plaza, how much would it take to fence Jefferson Plaza?

There will be a Ladies' Social at the First Baptist Church, corner of Fourteenth and Brush streets, on Friday evening next. Good vocal and instrumental music will be rendered, and ice cream, coffee and cake served. All are cordially invited.

Anna Dahle, the young German woman who was last Summer robbed, and herself and children deserted by the heartless husband and father, Henry Dahle, a baggageman at the end of Long Wharf, has commenced proceedings for divorce.

F. J. McWorthy, of this city, principal owner of the immense sulphur beds in, Humboldt county, Nevada, will leave to-morrow for the sulphur fields to start up work, which has been suspended for some time on account of the impassable condition of the roads.

Felton, Brooklyn and the Hook and Ladder Companies have now the best engine houses in this country. Phœnix No. 1 has a poor apology for an engine-house, and the firemen compelled to sleep in it are anxiously waiting a visit from the Committee on fire and water.

R. H. Stephenson, a butcher, who was arrested some days since on a charge of embezzlement, was dismissed in the Police Court this morning, owing to some defect in the complaint, but was soon afterward re-arrested on a warrant charging him with the same offense.

At the conclusion of the interesting services held in the Church of the Advent, East Oakland, on Easter Sunday, two little girls approached the chancel and presented the Rector with two baskets of beautiful flowers. After the benediction was pronounced the pastor was delighted to find in one of the baskets a well-filled purse.

THE TENT FESTIVAL.

An Attractive Appeal to the Liberality of the Public for a Noble Object.

The TRIBUNE has heretofore given details of the efforts being made by the Ladies' Relief Society to build up a Home for orphan children that shall supply to those unfortunates as nearly as possible the natural abiding-place and cherishing care misfortune has denied them. The present

HOME AT TEMESCAL

Is pleasantly situated, but the present building is altogether too small for the requirements; and it is to raise funds for the purpose of increasing the accommodations by erecting additional and suitable buildings that the scheme of a four-days' fair was devised. The present

LOT OF TEN ACRES.

And the Home building, have already been paid for, and the Society now desire to raise enough money to enable them to put up a large building separate from the present one—not merely an addition. They also desire to put up still another one to be used as an Infirmary or Hospital. This is considered especially important in case of the breaking out of contagious diseases, so that the infected may be separated from their companions. Following is a list of the

OFFICERS AND MANAGERS.

President—Mrs. N. P. Perrine.

Vice-Presidents—Mrs. Geo. C. Potter and Mrs. R. W. Kirkham.

Recording Secretary—Mrs. R. E Henshaw.

Corresponding Secretary—Mrs. F. E. Weston.

Treasurer—Mrs. C. T. H. Palmer.

Board of Managers—Mrs. Geo. W. Armes, Mrs. B. M. Atchinson, Mrs. R E Cole, Mrs. L. G. Cole, Mrs. Chas. Chamberlain, Mrs. Jesse Campbell, Mrs. L. E. Dam, Mrs. Clinton Day, Mrs. Chas. Webb Howard, Mrs. W. B. Holcomb, Mrs. W. C. Little, Mrs. J. H. McAllister, Mrs. W. H. Raymond, Mrs. J. E. Spear, Mrs. J. W. Shanklin, Mrs. E. J. Van Vleet, Mrs. Thos. Barney, Mrs. Geo. Wood, Mrs. Jesse Wall, Mrs. H. Wetherbee, Mrs. Jane DeFremery, Mrs. Watson A. Bray.

COMMITTEES.

The principal committees are the following, although the list is incomplete—all the lady managers being hard at work to secure the success of the entertainment.

Committee on Decorations — Mrs McAllister, Mrs. Shanklin, Mrs. Clinton Day, Mrs. Col. Woods, Mrs. Col. Little, Mrs. W. A. Bray, Mrs. Chas. Webb Howard.

Fancy Tables—Mrs. Gen. Kirkham, Mrs. Weston, Mrs. N. G. Cole.

Mrs. Cole, Mrs. Crane and others, have general charge of the tent.

THE CALICO BALL.

In regard to the calico ball although the Committee of Arrangements would prefer that calico should be worn by each lady attending, yet they have decided not to exact compliance with the rule, but to leave the matter of dress optional with those who attend.

Messrs. Sherman & Hyde have generously donated the use of a Webber grand square piano for that occasion and for the concert.

DECORATIONS.

The ladies desire to impress upon the minds of the people of this city that the Children's Home is a charity of the city of Oakland, and that it appeals directly to them, and they appeal in behalf of the children under their care to every one that has the power to assist this charitable enterprise, and to donate flowers, shrubbery, etc, with which to decorate the intrior of the pavilion. They will be particularly thankful for evergreens, which should be brought to the tent the day before. For further particulars reference may be had to the programme published elsewhere.

INCORPORATED.

Articles of Incorporation of the Melrose Smelting and Refining Company.

The Melrose Smelting and Refining Company filed articles of incorporation with the County Clerk yesterday. The purpose for which said corporation is formed is for smelting ores, refining gold, silver, and other precious metals, purchasing bullion, precious and base metals, acquiring mines and necessary real estate, and doing all other things necessary to be done in connection with a general smelting and refining business. The principal place of business will be at Melrose, Brooklyn township, Alameda county, California. Term of duration, fifty years Capital stock, $200,000, divided into 1,000 shares of the par value of $2 each. The affairs of the corporation are to be managed by five directors, and the following are named as such directors for the ensuing year. Charles H. Fish, George W. Hopkins and Charles H. Swain, of Alameda county, and A. W. Havens and George C Pratt, of San Francisco. The whole of the capital stock has been subscribed.

Third District Court.

At noon to-day Judge S. B. McKee adjourned the Third District Court in and for this county for the term, the next term beginning on the third Monday in July. The Judge has a large number of cases under advisement, but will nevertheless be compelled to open the San Francisco branch of his Court one week from next Monday. These facts have led to considerable discussion among attorneys as to the propriety of endeavoring to get the next Legislature to set Alameda county aside as a separate Judicial District.

Sneak Thieves Around.

There was stolen from Nick Williams' coffee-saloon on Seventh street about 7 o'clock yesterday, a black diagonal overcoat. The garment is described as having a bullet-hole in the right-hand pocket. One of the pockets contained a check-book belonging to the Oakland Gaslight Company, and a commutation ticket belonging to J. A. Breton. The man supposed to be the thief is described as about five feet ten inches in height, and dark "complected."

A Picture.

Elderly gentleman of the legal persuasion, walking down toward the Court House this forenoon, reading a voluminous document; his nose comes in contact with a pendant leg of mutton in front of a butcher shop, when the e. g. gesticulates violently with the manuscript and exclaims with great vehemence: "D—murrer overruled and ten days given to answer!"

Vestrymen of St. John's Church.

At a meeting of the congregation of St. John's Church, held on Monday, the following gentlemen were elected vestrymen, for the ensuing ecclesiastical year: Gen. R. W. Kirkham, Charles D. Haven, James de Fremery, J. Harvey Fish, Wm. Bolton, M. D., VanSeer Eastland, and George E. Whitney.

Embezzlement.

Fred. Biganzole was intrusted by a Mr. La Bren to collect bills to the amount of $60 or $80, and did so, but has not turned the money in. He has jumped the town. He is five feet six inches high, 26 years of age, has light curly hair, and lovely little side-whiskers.

The Pantoskeys.

In the Police Court this morning H. Pantoskey was fined $75 on a charge of disturbing the peace, and $25 for battery. His son, I. Pantoskey, was fined $15. Both fines were paid.

The depth of the excavation on the southwest corner of Seventh and Brush streets indicates a brick building, probably designed for manufacturing purposes.

Hayes' Rule in Making Appointments.

WASHINGTON, April 4th.—In making appointments the President has adopted the general rule that where an officer has served four years in a satisfactory manner, the character of his official service will stand as a recommendation for reappointment, unless there are well sustained objections of a personal or moral character to the re appointment of the incumbent Where, however, an officer serves for eight years, this period of servitude will operate against re-appointment, the President holding that eight years is the maximum, provided an equally competent and meritorious man is an applicant for the place, the rule to be specially applied to the appointment of postmasters whose salaries exceed $1,000, and who are commissioned by the President. The rule will not be applied with the same rigor to postmasters whose salaries are below $1,000, and who are appointed under the law by the Postmaster-General, as to those postmasters who are commissioned by the President. There are about $1,600 postmasters who are required to receive their appointments from the President and over 38,000 who are appointed by the Postmaster-General.

Extra Session of Congress

NEW YORK, April 4th. — A World Washington special says: A special session of Congress will meet in May. More business will come before it than was anticipated

Chamberlain's Programme

Chamberlain has decided not to enter upon any legal contest with Hampton over the Governorship, but to return to Columbia, issue an address to the Republican party and then remove from the State forever. He refused to enter into any bargain or compromise with the Administration antecedent to the decision of the Presidaut for the removal of the troops from the State House, and it is believed that this includes a refusal to accept Federal office, though Chamberlain says nothing one way or the other about that. He declares that be sees no contest in the face of the President's decision, and protests that he made no compromise, and he leaves the State of South Carolina penniless. He returns at once to pack up his personal effects, issue his address, and return to Washington to meet his family, who will remain here for the present. It was agreed that Patterson should serve his term of two years in the Senate from South Carolina, and that then he too should leave the State and return to Janiata county, Pa, his old home. He will be the last of the carpet baggers.

Wall Street Yesterday.

NEW YORK, April 4th.—The Times publishes the following: While the Chairman's gavel was rapping for the close of business in the Stock Exchange yesterday afternoon, a communication was handed him from John Ponder, 42 Exchange Place, announcing his inability to meet his engagements. Ponder was known to be the broker of Trenor W. Park, President of the Panama Railroad, and as rumors had been flying about for some time previously affecting Park's solvency, a scene of tremendous excitement ensued It is believed that Park left Ponder in the lurch of heavy losses of his own. It was reported yesterday that Park had been unable to meet certain large puts on Panama stock that had fallen due within the past three or four days. The amounts are variously stated at from 5,000 to 40,000 shares. Park could not be found in any of his usual haunts, and intimate friends, from whom information might be obtained, were also mysteriously absent.

A Better Feeling To-Day.

NEW YORK, April 4th.—The Post says The break down yesterday afternoon in Panama stock and the decline in Pacific Mail have been followed to-day by a recovery in the prices of each. The former having sold at 87½@91 and the latter at 14@15½. This reaction was caused by the discovery that yesterday the decline was caused on the account of the personal and financial embarrassment of Trenor W. Park, and officer in each Company and large holder of the securities of each. It is reported that H. H. Baker to day came to the rescue of Park, and advanced in his behalf a sufficient amount of securities having cash value to prevent the sale of Panama and Pacific Mail stock either for account of Park by his or other brokers, or as collateral loans made to his broker. The bank accounts of Park Brothers have also been strengthened in the same way. At 1 o'clock the market is strong because of the settlement of Park's affairs, and because of the reports that a settlement of the railroad war is to be made this week.

The Tweed Disclosures—Efforts to Suppress Evidence.

NEW YORK, March 4th.—Great efforts to prevent the consummation of the compromise by the release of Tweed were made the past week by men still in the Legislature and Courts, said to be most involved by the expected disclosures regarding the passage of the Tweed charter. Among the documents in the hands of Harper & Bros. for future publication, is said to be evidence that $250,000 was divided among five Republican Legislators, to secure the passage of the charter. The suppression of this evidence, it is understood, will depend upon the alacrity with which those who received it repay it to the State.

Packard's Recruiting Officers Released.

NEW ORLEANS, April 4th.—Judge W. R. Whitaker, of the Superior District Court, on motion of the Attorney General, ordered the charge of treason against Packard's recruiting officers dismissed, and the prisoners, nine in number, who were confined in the parish prison, released from custody. The Attorney General, however, gave notice that should any one hereafter be guilty of the same crime, the offender would be prosecuted to the fullest extent of the law.

Oakey Hall.

NEW YORK, April 4th.—Louis Jennings telegraphs to the World as follows: LONDON, April 3d.—In accordance with your dispatch asking me to make thorough investigation into the truth of the report about a passenger by the steamer Victoria giving his name as Sutcliffe, I have succeeded in obtaining the address of the person referred to after difficulty, and have received a communication from Hall himself, appointing an interview with me. The Ex-Mayor of New York is now in London beyond doubt, and by to-morrow eve I shall doubtless be able to furnish you a statement from him, giving, I hope, the reason why he left New York and what are his future plans.

The Rhode Island Election

NEW YORK, April 4th.—The World's Providence special says: The election to-morrow will be very exciting. The nominations of the Republican Convention have created a split of vast dimensions in their ranks, while the Democrats are remarkably united. About 5,000 Republicans' taxes remain unpaid—their usual majority—while those of their opponents are entirely cancelled Barnaby, Democrat, made an earnest effort, and will go out of Providence with 1,200 majority. Other parts of the State are doubtful, and the result will be very close.

St. Louis Election.

ST. LOUIS, April 4th.—One hundred and four precincts give Overstolz 6,143 majority. He will probably have a majority of 8,000. The remainder of the ticket is not counted. Majority of the Republican city officers are elected. Overstolz was the nominee of the regular Democratic Convention, and was indorsed by the Regular Republican Convention. Hudson was placed in the field by a fusion of Democrats and Republicans, who repudiated the action of the regular Conventions.

The Powder Mill Explosion.

SANTA CRUZ, April 4th.—A man named W. T. Cavanaugh, working in the coining mill one mile away, was blown eight feet, and lodged against a post. Nearly all the colored glass in the windows of the Catholic Church in this city was destroyed. Before the deceased entered the cylinder he took off his ordinary clothing, and when this clothing was found his watch was recovered and still running.

SANTA CRUZ, April 4th.—The shock of the powder mill explosion yesterday was felt strongly at Soquel, four miles from here. In this city and in Soquel nearly all the windows were broken. At Felton, six miles from the explosion, little or none of the shock was felt.

Mlle. Ilma de Murska.

The entertainment to be given to-morrow evening at Dietz Hall, by the world-famous Mlle. Ilma de Murska, will undoubtedly prove to be one of the most satisfactory entertainments ever given in Oakland. A critical inspection of the programme as given in our advertising columns, will undoubtedly be sufficient to attract an audience to the full capacity of the hall.

LONDON, Apri[illegible] respondent of the Times s[illegible] obstacle to the conclusion of peace between Montenegro and Turkey is removed. [illegible] has advised Montenegro to denounce her demand for Nicsics and content herself with the concession of Kuzci or Koloschid. The Porte in recognition of this advance sends Reaf Pasha as special Ambassador to St. Petersburg to try and remove any further difficulties. The Protocol only records those demands of the conference which have not been previously rejected by the Porte and the dispatch of Reaf Pasha to St. Petersburg is regarded almost as a guarantee of an arrangement. It is certain that the Montenegrins will make no difficulty if Russia is willing to come to terms.

The Question of Peace or War.

LONDON, April 4th.—The Times remarks the lack of elation in the public feeling at the signing of the protocol, and weighing the various influences which might incline Russia to peace or war, says It is doubtless true that war can only be carried on at an immense sacrifice, and that those with anything to lose know this, and permit their zeal to cool accordingly. All intelligence from St Petersburg and the chief cities of the Empire confirms this opinion, but at the same time accounts of Russian war preparations are too numerous and consistent to be fictitious.

The Porte and the Protocol—An Uneasy Feeling.

LONDON, April 4th.—The Standard's Constantinople telegram says there is great uneasiness here. Appearances here are less pacific than yesterday. It is almost certain the Porte will enter a protest against the protocol as soon as it is officially announced.

The Standard's St. Petersburg dispatch says a peaceful solution of the present difficulties is not expected, despite the protocol.

More Turkish Outrages.

BELGRADE, April 4th.—A letter received from a wealthy merchant of Bosnia states that the Turks perpetrated cruelties rivaling those in Bulgaria in the villages of Patch, Busovatch, Podgovic and Valeschitza. The Russian Consul left Zerejavo and Secy, expecting instructions to follow him to the Austrian frontier.

Theatre Burned.

LONDON, April 4th.—The Queen's Theatre, Edenburgh, was burned at midnight. No one hurt.

GERMANY.

Bismark's Retirement from Public Life.

LONDON, April 4th.—The Standard's Berlin correspondent reiterates the story of Prince Bismarck's resignation of the Chancellorship, and says Bismark tendered his resignation the 1st of April, and requested an immediate leave of absence for a year. The Emperor has not yet accepted his resignation, but had previously agreed to grant a furlough. The reasons for Bismarck's sudden determination are understood to be the Emperor's decision in Gen. Von Stosch's affair, and the recent vote in the Reichstag on the seat of the Supreme Court. Bismark resolved emphatically to persist in his resignation, and will leave Berlin in a few days for Lawrenceburg.

The Times' and Post's Berlin special state that there is no doubt of Bismarck's resignation. Von Moltke is looked upon as among the possible successors to the Chancellorship. Herr [illegible] the Prussian Primiership, whilst Von Bulow and Hoffman will take absolute direction respectively of Germany's foreign and domestic affairs.

Libel Suit Settled.

The libel suit preferred against Rev. J. C. Baker, of this city, by Rev. R. F Parshall, formerly of Oakland, but now of Vallejo—founded on the charge that Baker had given publicity to an affidavit signed by one Mrs. Bailey, alleging that Parshall had taken improper liberties with the affiant—has been compromised, Baker agreeing to pay the costs. The suit was commenced, under the Penal Code, before a Justice of the Peace in Vallejo, who, after hearing evidence, held Baker to appear before the Grand Jury of Solano county. The Grand Jury convened on Monday last, when it was found that the matter had been compromised and the prosecution withdrawn. We presume this also carries with it the contemplated prosecution by Parshall of the Baptist Church Society in this city.

In Europe.

General Thomas H. Williams, the 8-millionaire of this city, is temporarily sojourning in Paris, where his daughter and two youngest sons are attending school. General Williams also has two sons attending the State University. We understand that since departure for Europe, some three months since, the General's health has greatly improved, and that he expects to return to Oakland about the middle of next month. Meantime, his extensive reclamation works in the vicinity of Bantas and at other points in the San Joaquin Valley are being vigorousl pushed.

UNIVERSITY ITEMS.

The Durant Rhetorical Society met last evening, and discussed the question: Resolved, That the United States would profit by the annexation of the Sandwich Islands.

The last hazing affair is being investigated by the ubiquitous detective. About a dozen wily Sophs discussed the subject with the Faculty yesterday, and the end is not yet.

The following notice appeared upon the bulletin board yesterday: "On and after Wednesday, April 4th, all mail matter for the University will be delivered by the Postmaster, at the Berkeley Postoffice.

The next meeting of the Neolean Literary Society takes place Thursday evening. Question: Resolved, That classical studies are more useful than scientific for the cultivation of the power of observation.

REPLEVIN.

He was a youth all simpleness,
And she a maiden full of wiles;
How could the rustic ever guess
That mischief lurked beneath such smiles?
She did not wish his heart to break
For pastime ere she went to town—
But just to keep herself awake,
And win, perhaps, some slight renown.

She flirted with him at the well,
She flirted with him in the wagon,
And at her meals—though truth to tell,
His mother watched her like a dragon.
[illegible] cut her pencils when she drew,
[illegible]e cut her name on several beeches—
[illegible] the best he knew,
[illegible] racked his brain for pretty speeches.

The thing went on some little while,
Until at last the maid grew weary:
[illegible]he could not always raise a smile,
The country, too, was growing dreary;
She thought she'd try a new effect,
And so, without the slightest warning,
She said to her flirtee elect,
"I'm going home to-morrow morning."

She scanned his face for signs of grief,
But what she saw surprised her slightly;
A look of [illegible] intense relief
[illegible], and he answered brightly—
[illegible] no—I mean to say,
[illegible] find some other fellows
[illegible] you come our way
[illegible] Sue's most awful jealous!

I've tried to tell you, but somehow
I always felt so dreadful sheepish,
And next thing, there'd 'a' been a row,
For really, it was getting deepish!
You see, we're promised, Sue and me—
She's bright, though she's not had much schooling—
She said last night she'd set me free,
Unless I'd say I'd quit this fooling!

"Of course, I said I would, but then
I wondered what you'd think about me,
I thought I'd catch it sure, again,
You seemed so lonesome-like without me.
I never thought that you might hear
From some one else of my engagement,
But Ma's been telling you, it's clear!"

He wondered what her look of rage meant!
—Margaret Vandergrift in Scribner's Monthly for April.

SAN FRANCISCO BREVITIES.

The Harbor Commissioners received from wharves in March $34,748 25.

The Atlantic and Pacific Telegraph Company announce that after April 9th they will charge a uniform tariff of twenty-five cents between all the offices east of the Missouri.

The water fight progresses and yesterday the city was ahead. At the instance of Mayor Bryant the employees of the city forcibly tapped the pipe of the Water Company.

The purchaser of the wrecked ship "Frank Jones" proposes to pump the vessel dry with powerful steam pumps, and then take out the ballast and masts, hoping thereby to float her again.

The Spring Valley Water Company has instituted suit in the Fifteenth District Court against the city and county for $169,015 55 for water furnished the city from 1872 up to last month. The demand includes $2,015 55 for the water used in flushing the sewers several months ago. The issues are the same as in the case pending before the Supreme Court.

TELEGRAPHIC BREVITIES.

It is announced that Trenor W. Park has failed.

The members of the Louisiana Commission will reach New Orleans on Friday, and hold their first session on Saturday.

The Glazing Mill, one of the powder mills, two miles from Santa Cruz, containing about nine tons of powder, blew up at [illegible] yesterday, killing J. M. Brown and severely wounding a man named Murray, who had a miraculous escape, being only fifty feet from the mills.

It is reported that the break in [illegible] yesterday is the outcropping of a [illegible] between the Union Pacific and [illegible] Railroads, and that it is the desire of the former to obtain control of the latter, and thus hold the key to high rates of freight for all California [illegible].

COMMUNICATIONS.

From Joseph Sherwin, architect, stating he had submitted a plan for a one-story building, which would accommodate 280 girls, 280 boys and 280 infants. Received and referred to Committee on school houses and sites.

From W. B. Marsh, applying for position as teacher of penmanship. Referred.

From J. S. Chestnut, applicant for position as teacher. Referred.

RECOMMENDATIONS.

Director Hobart from the Committee on School Houses and Sites, reported that the school buildings were generally in good order, but that it would be necessary to make some repairs during vacation. He advocated the purchase of nearly 350 feet of pipe, which could be bought for $8, and was worth from $35 to $40, adopted.

AFTER A JANITOR.

Mr. Hobart also recommended that the position of Janitor of the Durant School be declared vacant.

Mr. Fox stated that he was not cognizant of any charges against the present incumbent, and would like to hear what was against the Janitor before he voted for his removal. He called upon Mr. Hobart to "rise and explain," which that gentleman did in extenso, concluding that he had a better person for the position.

Mr. Lynch desired to know if he had any personal feelings in the matter, or held any animosity against the Janitor.

Mr. Hobart replied that he had no ill feeling against the party.

President Cole stated that this matter had come before the Board, and called upon Superintendent Campbell, who stated that at a previous meeting of the Board a petition was presented, recommending the claims of a female for the position. He had heard to-day there was likely to be a change of janitor there.

President Cole stated that when the matter came up before the Board, it was deemed prudent not to dismiss the said janitor, but give him an opportunity to improve. This was the first time he had heard of his being negligent in his duties. The matter was postponed.

FINANCIAL MATTERS.

The Audit and Finance Committee reported upon and recommended the payment of the following bills, which was adopted: S. Sleigh, $6; R. G. Davis, $6; R. C. Hall, $10 40; James Larne, $10 86.

Mr. Fox, from the Committee, stated that they had a bill under consideration of Kohler, Chase & Co., which they were not ready to report upon. He also reported that he appeared before the City Council, and presented the necessity of the Department having money, and on such representation the Council transferred $1,500 from the General Fund to the School Fund, the same to be paid back on receipt of school monies from Sacramento. The action of the Committee was indorsed by the Board.

FRENCH IN THE COSMOPOLITAN.

Superintendent Campbell stated that he and President Cole had informed the lady chosen for the position as instructor of French in the Cosmopolitan School of her election, and remarked that she would accept the situation when she filed the proper certificate. A committee had been chosen as a Board of Examination to examine the teacher as to her qualifications, and would soon convene.

SUPERINTENDENT'S REPORT.

Superintendent Campbell submitted his regular report, from which we glean the total enrollment of pupils attending the public schools to be 4,199; number of new pupils never before attending public schools, 115. He reported that the Department Mechanic had informed him that certain repairs were needed at the Harrison street school, which would necessitate the closing of the school on Thursday afternoon. Referred to the President, with power to act.

The recommendation of the Superintendent that the fences around the several school buildings in the city be whitened, was referred to the Committee on School Houses and Sites, with power to act.

NON-RESIDENT PUPILS.

President Cole stated that there was a matter which the old Board desired the new one to take notice of, viz: Tuition fees due from non-resident pupils.

Superintendent Campbell replied that he had received but one notice of such pupils having not paid the required fee, and that was from Prof. McChesney of the High school. He said the matter would be followed up and attended to.

BLOCK 25.

City Attorney Vrooman being called upon in reference to this block, stated that two abstracts had been handed him by Mr. Des Rochers, but they did not come down to date, one was to 1871, the other 1876. If the Board desired a continuation it would have to incur and pay the expenses, about $75.

Mr. Fox moved that the City Attorney be requested to examine the abstract as signed by A. G. Lawrie, and if found to cover the property, be instructed to procure abstract to date. Carried.

MISCELLANEOUS.

Mr. Swett stated he had visited the High School building, and considered that it needed painting badly in order to save the building. Referred to the Committee on School Houses and Sites.

Mr. Swett also considered that the embankment at block 114 should be bricked up, as it was in a bad condition. Referred to the same Committee.

Superintendent Campbell stated that the schools had opened Monday, and all the teachers were at their posts.

A number of bills were read and referred to the Auditing and Finance Committee.

Board adjourned for two weeks.

Property Owners Attention!
CAUTION.
ARTIFICIAL STONE PAVEMENT,
Schillinger's Patent.

THE UNDERSIGNED IS THE SOLE AND exclusive owner of Schillinger's Patent, for the State of California. Said patent was granted to John J. Schillinger, July 19th, 1870, and was re-issued May 2d, 1871. The said Patent has been repeatedly sustained and damages and costs inflicted upon infringers of it by the Courts. The following are the claims of the Patent, viz:

1. A concrete pavement laid in detached blocks or sections substantially in the manner shown and described.

2. The arrangement of tar paper or its equivalent between adjoining blocks of concrete, substantially as and for the purposes set forth. All property owners having artificial stone pavements laid in detached blocks or sections are infringing one or both of the claims of said patent, as are also the parties laying such pavements: and every property holder is hereby notified that he will be prosecuted for every infringement of said patent in which he participates.

The great success of this pavement has induced many irresponsible persons to infringe the patent, and at the same time wrong their employers by contracting to lay the pavements and then doing inferior jobs.

The undersigned is prepared to lay sidewalks, garden walks, carriage drives, floors, etc.

All work guaranteed.

REAL ESTATE.

HAVING DISPOSED

Of my entire business of Real Estate Agency, conveyancing, searching of Records, etc., together with everything appertaining thereto to Mr. Will H. Burrall, a resident of Oakland, who also succeeds me as Notary Public, I would hereby request all who have patronized me in said business, to extend the same liberal patronage to my said successor, Mr. Burrall; being assured of his attending to everything entrusted to his care, in the best and most satisfactory manner, as his long experience, strict attention to business matters, and reliability will fully guarantee. His office being my old and well known place of business, northwest corner of Broadway and Fifth streets, Oakland.

G. E. SMITH.

Burrall's **BONANZA**
REAL ESTATE OFFICE,
Conveyancing, Notary Public, Commissioner of Deeds, etc.

Having purchased the business heretofore conducted by G. Estabrook Smith, I would respectfully assure all his former patrons, as well as my own friends and the public generally, that any business in my line that may be intrusted to my care, will have prompt and careful attention.

Residing formerly a period of 15 years on the famous Comstock Lode, State of Nevada, (doing the leading business in my line in Virginia City), and then as now having an almost universal acquaintance with the "Bonanza" People and all through said State of Nevada (from whence, as is well known, have hitherto, and will hereafter come many of the principal buyers of property in Oakland and vicinity); and being very generally acquainted in Oakland, San Francisco, and other portions of California, residing for the last three years in Oakland and vicinity of the Bay, I believe I can make it the interest of those having property to sell or lease to place the same in my hands, and also for those desiring to buy or rent to give me their orders.

Business places bought and sold; Houses, Stores, Offices, Rooms, etc., rented and rents collected; and other collections made; property of absentees or non-residents cared for; loans negotiated, etc.

An experience of nearly ten years will enable me, I trust, to satisfactorily attend to the duties of Notary Public and Commissioner of Deeds, and drawing or copying all papers; Deeds, Leases, Mortgages, Powers of Attorney, Bonds, Agreements, and anything in the line of Conveyancing. Searching of Records also attended to. My motto being "Promptness, Accuracy and Reliability," your orders are respectfully solicited; not desiring, however, to conflict with anyone's business in the line.
